

# SAN JAVIER

## PROGRAM INFO

## MIXED BAG SHOOTING

We call a mix bag a combination on shooting three different species in one place. Mix bag program have the best of three worlds, includes the challenging shooting on ducks, the big volume shooting on doves and the unique perdiz hunt.

It is normally a four night's average program, and during morning you will shoot ducks or perdiz, and in the afternoons you will be shooting ducks or doves. The season time is only in our winter (May to August).

## LOCATION

The Estancia is located in Santa Fe province, North from Santa Fe City, like 90 miles driving road number 1. It is one of the best options for ducks hunting in the country. The hunt is over the Parana River marshlands and islands. The driving time from the airport to the lodge is one hour and thirty minutes from Santa Fe City. For Those flying private charters, they will land 40 minutes from the lodge.

There are daily direct over night flights from many U.S. cities to Buenos Aires airport, with 3 connecting flights to Santa Fe. Commercial flights to Santa Fe will be 1.10 hours. Important: when you land in EZE international airport in Buenos Aires, you will need to change to aeroparque airport to fly to Santa Fe.

## THE FIELDS

The duck shooting fields are in the flooded lagoons in the islands in San Javier River. It looks like a big marshland, and to get there, we need to go by boat with power engines. The wildlife is amazing and the river and islands change colors and form all the time.

## THE FIELDS

The perdiz hunt fields are in land. They are natural grass fields, sometimes with cattle, that provides great cover to the birds. It is important to approach the fields against the wind and with a great pointer dog that will mark the perdiz.

## OVERVIEW

San Javier is considered a dream for water fowlers. The Parana River is one of the longest in the world, and it is surrounded for millions of little islands that are just the right place for duck breeding. The Pilaga Island is very famous for the amazing number of ducks of many species that come every year. The 50 square mile radius (129 km<sup>2</sup>) around the shooting area form one of the most amazing duck shooting reserves.

## OVERVIEW

Northern from the lodge, around 60 miles driving there is a couple of great roosting areas for doves, and the field with natural grass have a great population of perdiz. Our location is annually inhabited by over 15.000.000 million ducks during the season. People and outfitters talk about a population of 20.000.000 doves. Our Company counts on 33 different shooting fields throughout all the region's.

## THE HUNTING

The **Ducks Program** starts around 6:00 am with a hearty breakfast. Around 6:45 am we take a short drive by boat to the shooting field. Schedules change depending on the time of the year in between 20 to 40 minutes. After the morning shoot, we can back to the lodge for lunch and siesta. In the afternoon, we depart like 3:30 pm for the evening duck shooting session.

The **Perdiz & Dove Program** starts around 7:00 am with a hearty breakfast. Around 8:00 am we take a 45 to 60 minutes drive to the shooting field. We arrive at great schedule for the Perdiz shooting in the morning. We have lunch at the field in a nice tent like Cordoba Style with Gaucho Barbecue. In the afternoon, we will shoot doves when they come back to the roosting are. Schedules may change depending on the time of the year.

In the **Dove Field** you will be assigned a personal field assistant, who will provide you with shells, guns and soft drinks in your shooting spot. This field assistant will prepare your blind, count your birds and shells, and carry some stools to the field for you.

In the **Perdiz Field** you and another shooter will be assigned a personal field guide and a dog. This guide will take both of you and let you know every time your dog point a bird.

In the evening, when everybody finishes the shooting day we will return to the Lodge.

At San Javier Program you will enjoy great cocktails and a fantastic dinner.
